ONE lit-tle ba-by sleeps on the hay in a man-ger far a-way.

TWO earth-ly par-ents watch Him sleep as their night long vig-il they keep. THREE wise men

fol-low the light of a star shin-ing bright Bring-ing gold and frank-in-cense and myrrh as they

trav-el through the night. FOUR shep-herds hear the an-gels sing a-bove, and they go to wit-ness God's

*p*

Love. FIVE low-ly an-i-mals make not a sound as the shep-herds gath-er a-round.
