We will weed out hate and fear and fur-row up the rows. We must cul - ti - vate with

joy; find the hap - pi - ness with in. We will mulch with lots of ser-vice and

15

pull out doubt and sin. We should sow with kind-ness, so our love will grow in

20

peace. Our har-vest will be great-ly blest as we sow so shall we reap. Our

25

seeds of love will flour-ish, our love of God in-crease. We will feast on
